Michel FAVRE, Group CFO
April 23, 2019
Q1 2019 included a positive contribution from bolt-ons of €104.5m

As announced on February 18, Q1 2019 sales were impacted by the end of production of two Seating programs, representing a combined negative effect of €(95)m vs. Q1 2018:
- One for Daimler (GLE/GLS) in Cottondale (USA), representing a negative impact of €(56)m in Q1
- One for PSA (Berlingo) in Vigo (Europe), representing a negative impact of €(39)m in Q1

Q1 2019 sales were also affected by the negative impact from the wind-down of our activities in Iran as from June 30, 2018 for an amount of €(9)m vs. Q1 2018

Fourth new Business Group “Faurecia Clarion Electronics” as from January 1, 2019:
- In Q1, it only included sales from Coagent (consolidated as from January 1, 2018 and previously classified within “Interiors”) and Parrot Automotive (sales consolidated as from January 1, 2019)
- As from April 1, it will also include sales from Clarion
