FAURECIA'S LEADERSHIP IN SUSTAINABLE PURCHASING RECOGNIZED AT ECOVADIS AWARDS

At the EcoVadis annual Sustainability Leadership Awards, Faurecia won the Outstanding Program Leadership award, recognizing the Group's sustainable purchasing strategy and in particular its 'Buy Beyond' program.

Faurecia's purchasing strategy focuses on creating sustainable value with its global network of suppliers through a mutually beneficial relationship based on strong ethical business standards, technology leadership and sharing best practices.

"Buy Beyond" was launched in 2012 and targets the four fundamentals of the ISO 26000 international standard for procurement: protecting the environment, respecting human and labor rights, ethical business conduct, and sharing best practices across the Group's global supply chain.

Nathalie Saint-Martin, Faurecia purchasing vice-president, said *"We are very pleased to receive this award, which is the result of the commitment and strong teamwork of our entire purchasing community. Our approach to sustainability, integrated in each Business Group and across our supply chain, allows us to work with our suppliers as business partners to create long-term value. We are now working to engage our supplier community with us on our journey to become CO2 neutral by 2030."*

EcoVadis is the world's most trusted provider of business sustainability ratings, intelligence and collaborative performance improvement tools for global supply chains. EcoVadis' easy-to-use and actionable sustainability scorecards provide detailed insight into environmental, social and ethical risks across 190 purchasing categories and 150 countries.
